## Touring the Town!

## 24G

In the heart of downtown and in the oldest building in downtown Clawson stands **24G** - a marketing and communications firm run by managing partners Scott Wiemels & Brett Wolcott. "We are a producers' service that blends creativity with technology, entertainment and design. At our core is a dedicated team of resourceful technologists, graphic designers, programmers and producers," says Wiemels.

A couple of real local guys, Wiemels and Wolcott support the downtown. "As a company, we believe in supporting local, but working global. We work every year in Europe, Australia and China, but everybody who works at our office is a card holding Black Lotus mug club member," says Wiemels.

In a newly renovated building (Wiemels & Wolcott's own hard work) located at 30 ½ E 14 Mile Rd, 24G was originally founded in Wiemels basement in 2007. In 2008 they made the move to downtown Clawson and have been enjoying their stay since.
